

Advancements in the Treatment of Parkinson's Disease

*Neurorestoration
and Beyond*

Join us for a discussion about the new treatments for Parkinson's disease and the future of our field, followed by an extended question & answer session where patients and their families can direct the conversation.

Also come meet our new team members:

Dr. David Whitney
Movement Disorders Specialist
(Fair Oaks/Gainesville)

Sonia Gow
Program and Community Manager
(System-wide)
